# Hossein Hamid

---

## Experience:

**2013-Present**

**Petro pars, IR**

Conducted the following projects and trainings with OLGA:

- offshore well Liquid loading remedy study.
- Study the optimum rate of wet gas in an offshore gas transportation pipeline

## Training & Complementary Courses:

**Jun 2013 - Sep 2013:**

- Three month training in Reservoir Department of NISOC that included reservoir volume estimation and calculation, map digitizing, PVT characterization, and dynamic model building using CMG.

**Jun 2012 - Sep 2012:**

- Three month training in training center of NIDC that included Introduction to Directional Drilling, Lifting system, Mud system, Rig and accessories, and related engineering calculations.

**Jun 2014 - Oct 2014:**

- Two month training in training center of schlumberger that included Olga(Dynamic simulation) curse.

## Education:

**Sep 2013 - Sep 2015:**

- Sahand university of technology Petroleum Engineering/Drilling and production, Master (MSc/MA)

**Sep 2009 - Sep 2013:**

- Urmia University- Mining Engineering/Bachelor(BSc/BA)

## Research:

- Studying the occurrence and remedy of liquid loading in South Pars wells using dynamic simulator (OLGA)

- Study the optimum rate of wet gas and its affecting parameters in an offshore gas transportation pipeline with OLGA in 6th Iranian Pipe & Pipeline Conference
- PVT characterization of South Iran reservoirs(CMG- Winprob)
- Impact of electric heating on gas well liquid loading Published in SPE, Houston Texas Offshore Technology Conference
- Dynamic simulation of the accumulation of liquids and study its Remedies in a gas well in the South of Iran presented in first new research of chemical engineering international conference

**Skills:**

- Engineering Packages: OLGA, Calsep PVTsim, CMG(winprob)
- Other: Matlab, Microsoft Office, MS-Project.

**Languages:**

- Bilingual (Arabic and Farsi)
- English(Working knowledge)

**Awards:**

---

**Sept. 2013:** Winning Sahand University of Technology full scholarship award for top 10 students of the country in country-wide M.Sc.

**July 2012:** Top student award in Mining Eng.
